

## HOW TO BUILD YOUR WOOD-BURNING GRANITE FIREPIT

1

Select a desirable and safe location for your firepit away from buildings, tree branches, and/or a wooden gazebo or pergola.

2

Wash granite pieces with water and a nylon brush. If you didn't purchase top caps, select and set aside the most desirable pieces for the top row of your firepit.

3

Mark the circumference of your firepit with landscaping spray paint or a garden hose.

4

Remove sod and stones. Dig a 3" deep hole and make the ground level.

5

Fill the firepit hole with A-gravel, tamp down, and level the base.

6

Place the steel insert, if you purchased one, flange side up, centered on the gravel base.

7

Lay the first row of granite pieces around the insert.

8

Stack the remaining pieces by staggering the joints. If you didn't buy an insert, or want greater stability, add high-heat adhesive between the rows. Follow the manufacture's drying time.

9

Enjoy! You are, now, ready to light a fire and make some marshmallow memories with your family and friends.

**ROUND 35**  
10 pieces per row

**ROUND 48**  
13 pieces per row

**SQUARE 35**  
12 pieces per row

**SQUARE 45**  
16 pieces per row

## Warning

For your safety. For outdoor use only.

1. This fire pit / fire table is for outdoor use only, and shall NOT be used in a building, garage, or any enclosed area.
2. Do NOT use this outdoor fire pit for indoor heating. TOXIC carbon monoxide fumes can accumulate and cause asphyxiation.
3. This outdoor fire pit is NOT to be operated by children.
4. Always use in accordance with all applicable local, state, provincial and national codes. Contact your local fire department for details on outdoor burning.
5. When using this outdoor fire pit, exercise the same precautions you would with any open fire.
6. The use of alcohol, prescription or non-prescription drugs may impair the operator's ability to properly assemble or safely operate this outdoor fire pit.
7. Do NOT store or use gasoline or other flammable vapors or liquids in the vicinity of this or any other appliance.
8. Do NOT store or use an LP gas cylinder within 10 feet (3.05 m) of this outdoor fire pit while it is in operation.
9. Do NOT use this outdoor fire pit near automobiles, trucks, vans or recreational vehicles.
10. Do NOT use this outdoor fire pit under any overhead or near any unprotected combustible constructions. Avoid using near or under overhanging trees and shrubs.
11. Always use this outdoor fire pit on a hard, level non-combustible surface such a concrete, rock or stone. An asphalt or blacktop surface may not be acceptable for this purpose.
12. Do NOT use in extreme windy conditions.
13. Do NOT leave a lit outdoor fire pit unattended, especially around children and pets.
14. Use heat-resistant gloves or hot pads when contacting grills.
15. Do NOT place a hot spark screen guard or hot fire pit tools onto combustible surfaces such as grass, wooden deck or furniture.
